

Anti-Money Laundering and Counter-Terrorist Financing Policy

Dominion Markets Ltd

1. Introduction

Dominion Markets Ltd (“Dominion Markets”, the “Company”, “we”, “our”, or “us”) is committed to maintaining high standards of integrity, transparency, financial crime prevention, and regulatory compliance.

The Company maintains an Anti-Money Laundering, Counter-Terrorist Financing and Counter-Proliferation Financing (“AML/CFT/CPF”) framework designed to prevent its products, services, systems, and business relationships from being used for money laundering, terrorist financing, proliferation financing, sanctions evasion, fraud, or any other unlawful activity.

Dominion Markets Ltd is incorporated in the Republic of Mauritius and licensed and regulated by the Financial Services Commission, Mauritius as an Investment Dealer (Full Service Dealer Excluding Underwriting) under Licence No. GB24203525.

The Company complies with applicable AML/CFT laws, regulations, regulatory

guidance, and international standards, including the Financial Intelligence and Anti-Money Laundering Act 2002, the Financial Intelligence and Anti-Money Laundering Regulations 2018, the FSC AML/CFT Handbook, applicable sanctions laws and regulations, and the recommendations of the Financial Action Task Force (FATF).

2. Risk-Based Approach

Dominion Markets adopts a risk-based approach to identifying, assessing, managing, monitoring, and mitigating money laundering, terrorist financing, proliferation financing, sanctions, fraud, and other financial crime risks.

Customer relationships, jurisdictions, products, services, funding methods, transaction patterns, account activity, delivery channels, and other relevant risk factors are assessed to determine the level of due diligence and monitoring required.

Where higher-risk circumstances are identified, the Company may apply enhanced due diligence measures, request additional information or documentation, conduct further verification checks, require senior management approval, restrict account activity, or decline or terminate the business relationship.

3. Customer Identification and Verification

Before establishing a business relationship, Dominion Markets is required to identify and verify the identity of its customers and, where applicable, beneficial owners, authorised representatives, directors, controllers, and other relevant parties.

Customers may be required to provide information and documentation including, without limitation, valid government-issued identification, proof of residential address, date of birth, nationality, country of residence, employment, occupation or business information, source of funds and source of wealth information, bank account or payment method verification, corporate documents, ownership structure and beneficial ownership information where applicable, and any additional information or documentation required for legal, regulatory, compliance, or risk management purposes.

The Company reserves the right to request additional information or updated documentation at any stage of the customer relationship.

4. Customer Acceptance

Dominion Markets does not establish or maintain relationships with anonymous or

fictitious persons, persons who fail or refuse to provide required due diligence information, persons whose identity, beneficial ownership, source of funds, or source of wealth cannot be satisfactorily verified, persons subject to applicable sanctions, asset freezes, or targeted financial sanctions, persons located in, resident in, or connected to jurisdictions prohibited or restricted by the Company, or persons involved in activities that may expose the Company to unacceptable money laundering, terrorist financing, proliferation financing, sanctions, fraud, regulatory, or reputational risks.

The Company reserves the right to decline, restrict, suspend, block, or terminate any account, transaction, service, or business relationship where AML/CFT, sanctions, fraud, or regulatory concerns arise.

5. Politically Exposed Persons

Customers identified as Politically Exposed Persons (“PEPs”), family members of PEPs, or close associates of PEPs may be subject to enhanced due diligence measures.

Such measures may include additional identity verification, source of funds and source of wealth reviews, adverse media screening, senior management approval, and enhanced ongoing monitoring.

6. Sanctions and Targeted Financial Sanctions

Dominion Markets conducts sanctions screening and targeted financial sanctions checks during onboarding and throughout the customer relationship.

Screening may include checks against applicable sanctions lists and other relevant compliance databases, including lists issued by the United Nations, Mauritius authorities, and other relevant international or national authorities, as determined by the Company's risk-based framework.

The Company does not provide services to sanctioned individuals, sanctioned entities, or prohibited jurisdictions. The Company reserves the right to block, reject, freeze, restrict, suspend, or terminate accounts, transactions, or business relationships where sanctions, targeted financial sanctions, proliferation financing, or sanctions evasion concerns are identified.

7. Ongoing Monitoring

Customer accounts, transactions, deposits, withdrawals, trading activity, and account behaviour may be subject to ongoing monitoring to identify unusual, suspicious, inconsistent, or potentially unlawful activity.

The Company may request updated information, additional supporting documentation, or clarification regarding transactions, account activity, funding activity, or changes in the customer's profile.

Customer due diligence information may be refreshed periodically or on a trigger-event basis, including where there is a material change in customer information, risk rating, account activity, payment behaviour, jurisdictional exposure, sanctions status, PEP status, or other relevant risk factors.

8. Funding and Withdrawal Controls

To protect customers and maintain the integrity of the financial system, Dominion Markets does not accept anonymous funding, does not accept cash deposits, and generally prohibits third-party deposits and third-party withdrawals. Payment methods must generally be held in the customer's own name, and funding and withdrawal methods may be subject to verification. Withdrawals are normally processed back to the original funding source where applicable and permitted. Withdrawal requests may be delayed, restricted, rejected, or placed on hold where additional compliance, AML/CFT, sanctions, fraud, or payment review is required.

The Company may request additional information or documentation before processing any deposit, withdrawal, refund, or payment-related request.

9. Suspicious Activity Reporting

Dominion Markets reserves the right to refuse, delay, suspend, restrict, reject, or decline any transaction, withdrawal, account, service, or business relationship where there are reasonable grounds to suspect money laundering, terrorist financing, proliferation financing, sanctions breaches, fraud, market abuse, or other unlawful activity.

Where required by applicable law, the Company may report suspicious activity to the relevant regulatory, supervisory, law enforcement, financial intelligence, or governmental authorities.

The Company may be legally prohibited from informing customers that such reports have been made or that an investigation is being conducted.

10. Governance and Oversight

The Company's AML/CFT framework is overseen by its Compliance Officer, Money Laundering Reporting Officer, Senior Management, and other relevant control functions, as applicable.

The Company maintains internal policies, procedures, systems, controls, training, and review processes designed to support compliance with applicable AML/CFT obligations.

11. Record Keeping

Dominion Markets maintains customer due diligence records, beneficial ownership records, transaction records, account records, screening records, suspicious activity records, and other relevant compliance documentation in accordance with applicable legal and regulatory requirements.

Such records will be retained for at least seven (7) years following the end of the business relationship, completion of the relevant transaction, or submission of any report to the relevant authority, as applicable, or for such longer period as may be required by applicable law, regulation, regulatory instruction, legal proceedings, or internal policy.

12. Client Responsibilities

Clients are responsible for ensuring that all information and documentation provided to the Company remains accurate, complete, truthful, and up to date.

Clients must promptly notify the Company of any material changes to their personal, financial, corporate, beneficial ownership, tax, payment, or other relevant information.

Clients must not use the Company's products, services, accounts, platforms, or payment channels for any unlawful, fraudulent, abusive, or prohibited purpose.

Access to and use of the Company's services is strictly limited to persons who are at least eighteen (18) years of age or the legal age required in their jurisdiction, whichever is higher.

13. Policy Updates

The Company may amend, update, or replace this AML/CFT Policy at any time to reflect changes in applicable laws, regulations, regulatory expectations, business operations, risk management procedures, or internal policies.

The latest version of this Policy shall be made available on the Company's website.

14. Restricted Jurisdictions

Dominion Markets Ltd does not offer its services to residents of, persons located in, nationals or citizens of, or entities incorporated, registered, or operating in restricted or prohibited jurisdictions,

including but not limited to Afghanistan, Côte d'Ivoire, Cuba, Iran, Libya, Myanmar, North Korea, Russia, Sudan, Syria, Yemen, the United States of America, including Puerto Rico, and any other jurisdiction where the Company is not authorised or permitted to operate, or where the provision of services would breach applicable laws, sanctions requirements, regulatory requirements, payment processor rules, card scheme rules, or the Company's internal risk policy.
